

# Planes of All Sizes Jam Palm Springs Airport

A MAXIMUM OF ACTIVITY on a single day at Palm Springs Airport is graphically shown in this picture taken at the facility this weekend. More than 200 airplanes, many arriving for just the day to attend a Fly-In breakfast, are shown lining one-half of the strip; a troop-carrying Marine Transport is on the north-south runway; a small craft is taxiing north in front of camera, and a third plane is in the air over the landing strip, circling to make a landing. Because of the tremendous increase in air traffic this weekend, men continuously manned the tower above the terminal roof giving landing instructions. Local residents will vote March 14 on the bond election to acquire the airport. (P. S. Newsphoto)

## New Morocco King Backed by Princes, Priests

RABAT, Morocco (UPI) — The princes and priests of Morocco today swore allegiance to a new king, 33-year-old Moulay Hassan, catapulted to the throne by the sudden death of his popular father King Mohammed V.

The young crown prince became King Hassan II Sunday a few hours after his 51-year-old father died of heart failure following what had been expected to be a minor nasal operation.

KING MOHAMMED V

THE PRINCE'S assumption of supreme power came at a critical time in Morocco's position between East and West.

Stepping into the shoes of his powerful father, Moulay Hassan faced difficult tasks in rallying feuding political parties and handling Morocco's increasingly delicate relations with the West and Russia.

MOROCCO, WHICH occupies a strategic position on the Mediterranean, recently has begun a drift away from strong ties with the West into closer relations with the Soviet Union. A treaty covering U.S. military bases in Morocco is due to expire in 1963.

Prince Moulay Abdullah, the younger brother of Moulay Hassan, was the first to pledge his allegiance to the new monarch today. He was followed by other members of the royal family and the Moroccan oulemas, or Moslem religious leaders and advisers.

THE NATION today began seven days of mourning for King Mohammed, whose body lay in a mausoleum inside the royal palace. The funeral was set for Tuesday.

The king's heart failed 10 minutes after completion of an operation for "dissection of the nasal membrane" in the palace clinic. Doctors tried vainly to revive him by massaging his heart.

Mohammed had been Morocco's ruler since he became sultan at the age of 18 when his country was a French protectorate.

## Ike Denies 'His Views' By Mundt

Reports He Has Not Judged New Administration

Former President Dwight D. Eisenhower, vacationing at Eldorado Country Club, Sunday night categorically denied criticism of the Kennedy administration attributed to him by Sen. Earl E. Mundt, R-S.D.

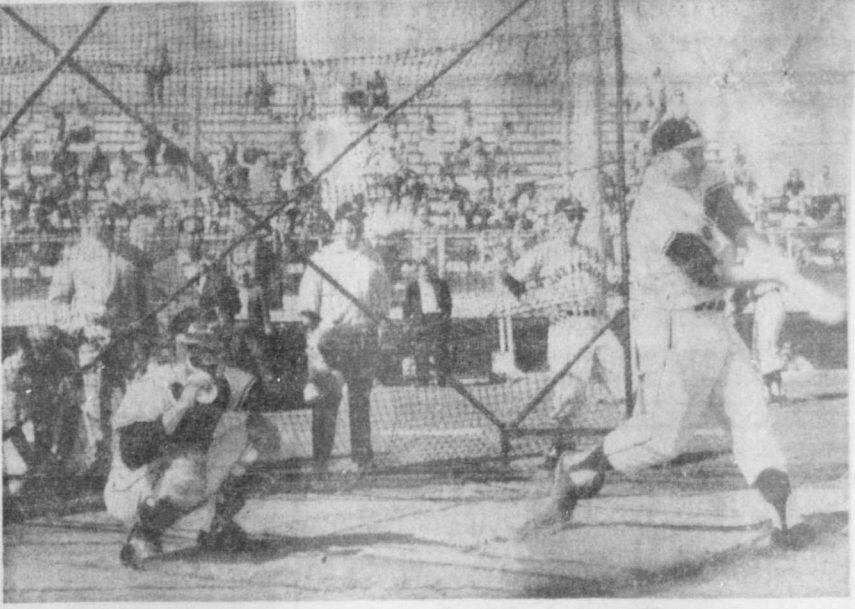

In one of the few prepared statements he has issued since arriving on vacation at this desert resort Feb. 8, Eisenhower described Mundt's report as inaccurate, saying he has so far made no judgment of the new administration.

EISENHOWER SAID he "very much regretted" Mundt's issuance of the report. He also denied that it accurately reported his views on public affairs or on his personal plans.

Mundt made the comments about the former chief executive in his weekly newsletter to his South Dakota constituents, reporting Eisenhower felt the Kennedy administration policies were "too much left of center, too partisan, too slanted toward programs supported by union bosses."

MUNDT, TOLD today in Washington of Eisenhower's statement, said, "I have no comment at this time."

Mundt issued the report Sunday on the basis of a one-hour visit last week with Eisenhower in the desert.

STEVE BILKO, powerful hitter of the L. A. Angels, smashed a long homer over the center field fence during practice at the L. A. Angels spring training center Sunday in Palm Springs. Catcher Ed Sadowski is behind Bilko, and team manager Bill Rigney can be seen in the background behind the screen. The Angels are now spring training in Palm Springs and will play exhibition games about March 12. See other photos and story, Sports Page. (P. S. Newsphoto)

## Alpine Estates Hearing Set by County Planners

A public hearing on a change of zone for Palm Springs Alpine Estates heads an agenda of a half dozen items to be presented to the County Planning Commission in Riverside Tuesday.

Two other hearings have been set, one on an application for a trailer park in the Indian Wells area and the other for a Callectric Power sub-station in the Indian Wells area.

## ATTENDANCE RECORD SET AT FESTIVAL

A total of 223,984 persons attended the big National Date Festival and Riverside County Fair here Feb. 17-26 to set a new 15 year record for the annual show of local industry, arts, crafts and congeniality.

The fair attendance was 20,172 up over the previous record set during the 1960 fair. General admission to the big horse show—which also featured appearances of Queen Scheherazade and her court plus the unique ostrich and camel races—was set at \$23,307, up \$4,300 over last year.

## SUITCASE, \$18,810 IN JEWELS TAKEN

A suitcase containing \$18,810 worth of jewelry and clothing was left in the street in front of 2812 Starr Road at 4:30 p.m. Sunday, as a Palm Springs couple helped a houseguest load her luggage into a car to rush to the airport here.

The suitcase belonged to Mrs. John Roosevelt, 46, of 1040 Park Avenue, New York, who was preparing to enplane for her home yesterday, after a visit here with Mr. and Mrs. Earl.

Earl recalled the one suitcase had been left behind in the street when they arrived at the airport. When he returned home, the suitcase was missing. Two juvenile boys had been standing in the area during the loading operation, Earl advised.

## Canadian Soldiers Beaten Sunday Night

LEOPOLDVILLE, The Congo (UPI)—Unruly Congolese soldiers turned against the United Nations Command in a wave of violence, beating four Canadian U.N. soldiers today and raping a white U.N. secretary Sunday night.

The United Nations protested bitterly against the outbreaks of "brutal assault, arbitrary arrest and bestial behavior," and threatened to use force to stop them.

IN A NEW EFFORT to rescue the Congo from near chaos, Congolese Premier Joseph Ileo and South Kasai "president" Albert Kalonji were reported planning to fly to Elisabethville for top level talks with Katanga President Moise Tshombe.

They were expected to lay the groundwork for a Congolese round table conference and a bigger leadership meeting in Geneva suggested by Tshombe.

THE VIOLENCE came as troops loyal to slain former Premier Patrice Lumumba were reported sweeping across the Congo toward Leopoldville. Some Congolese soldiers were believed to be surrendering their garrisons and joining forces with the advancing groups.

The pro-Lumumbist forces were said to have moved out of their stronghold of Stanleyville, capital of Oriental Province, and were reported to be in the outskirts of the town of Kikwit in Leopoldville Province.

THESE TROOPS, loyal to Communist-trained Antoine Gizenga, who proclaimed himself premier of the Congo after his mentor Lumumba was killed, also had been reported advancing into Equatorial Province and to have captured

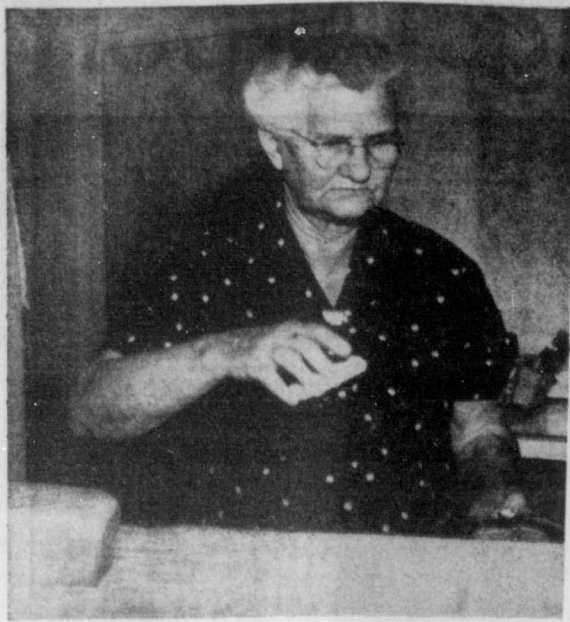

## AIRPORT ELECTION

## Residents Express Opinions

Sam Black, print shop owner—"I have given it little thought, but I am definitely for the city's acquisition of the airport. The local residents have certainly been given the opportunity to study the question and have been aware of the proposition.

Arthur Greenfield, real estate man and Indian conservator—"I think if the people don't purchase the airport they are going to be sorry in the years to come. I've studied it carefully and the land value is reasonable at today's market. You could never get it at this price on the open market. The airport is an extreme necessity to keep Palm Springs in business... without it we're dead."

**BREAD AND YEAST** which makes it rise are shown by Mrs. S. L. Armstrong, of near Tupelo, Miss., during a visit with her son, C. G. Armstrong, Cathedral City. Mrs. Armstrong has made bread from strain of yeast she was given 36 years ago. Loaf shown was light and sweet, weighed about one pound. (Desert Sun Photo).

### 36 YEARS OF SUCCESS

## 'Continuing' Yeast Formula for 'Sweet Bread'

CATHEDRAL CITY — Fresh, light, sweet yeast-bread made here by Mrs. S. L. Armstrong, of Lee County, Mississippi, owes its rise to yeast going back at least 200 years generations.

#### Taking Chances

HOLLYWOOD (UPI) — John Beal says he has never taken so many chances as he did during the filming of Walt Disney's "Ten Who Dared," a Colorado River story in which he plays a one-armed major.

Beal, who portrays Maj. John Powell, who was the first to explore the river, said, "Powell was fearless. I duplicated one of his feats, hanging by my left hand from a bluff 2,000 feet above the river. That was at a point called Dead Horse. If I hadn't been lucky, they might have renamed it Dead Beal."

approximately 36 years.

MRS. ARMSTRONG, visiting her son, Charles Gilbert Armstrong, at 37 - 200 Cathedral Canyon Drive here, brought some small dried cakes of yeast batter. The yeast bread, which Mrs. Armstrong reports she doesn't "really care about" herself, is a favorite of Armstrong, and his five brothers and one sister. A twin brother in Mississippi has already asked his mother to bring some of her

#### Traffic Jam

DENVER (UPI) — The Police Department has announced it will have to begin holding more frequent sales of unclaimed, impounded automobiles because its auto pound lot no longer is able to hold those on hand. Authorities blamed Denver's increase in population over recent years as reason for the up-swing in unclaimed vehicles.

yeast when she visits him this spring.

MRS. ARMSTRONG, an active and alert 72-year-old expert in the culinary arts, received the original start of her famed yeast from a neighbor woman who brought it to Mississippi from Texas in the mid '20s. "I've expected it to lose its force sometime, but it never has, and I don't keep it moist or cooled," Mrs. Armstrong said.

The yeast was made into a batter start for bread, and a portion of the rising batter — still in the thin stage — was saved out for a future yeast start. The process has

been multiplied over the years, but infrequently now that Mrs. Armstrong's family is grown and gone. When Mrs. Armstrong wants to save some yeast batter for future use, she sets it aside and lets it dry out.

"WHEN I NEED IT, I simply add some water, and let it bubble up," she reported. Subsequently, the bread dough is worked up, allowed to rise, worked down to fit a pan, and prepared for baking in a 350 degree oven. The bread is baked and browned with the oven at 400 degrees.

"I use the yeast batter, flour, sugar and salt — that's all there

is to it," Mrs. Armstrong explained. In answer to a query from The Desert Sun, she smilingly added that "I don't have to test bread to see whether it's done — after all these years I know."

## RESOLUTION ADOPTED

# Taxpayers Oppose Freeway Route

RANCHO MIRAGE — A determined move to block location of the planned Coachella Valley Freeway from Indian Wells through the Thunderbird and Tamarisk Country club areas was launched here by members of the Country Club Area Taxpayers Association.

Dan Callahan, secretary of the CCTA said that the unanimous resolution will be personally delivered to members of the Riverside County Board of Supervisors and also to members of the State Highway Commission.

Callahan further stated that the freeway planning which now exists will destroy Palm Desert Airport, and will encroach upon the rights of property owners holding 6,400 acres in the area.

## Expert Views Airport Bonds

Editor's Note: The following radio broadcast was made February 22 by Dudley Steele, California tax authority, many-year general manager of the Lockheed Air Terminal in Burbank and currently member of the Riverside County Airport Commission. With his experience and background, The Desert Sun believes his broadcast rates printing for our readers.

Sav YES to airport acquisition. What do you think would happen to tourist business if the International Airports at Miami and Los Angeles were permanently closed? You know that such a happening would result in tremendous loss of tourist dollars. The current strike on the airlines in five short days proved the point. Palm Springs would be more adversely affected than either of the cities mentioned. Their economy is balanced by industry; whereas Palm Springs depends in great measure on tourist dollars for income.

Sizable tax increases are certain if the airport is not continued in operation. That's why I said vote "yes" on the airport acquisition even though it means a slight tax increase for three years. According to figures released to me by the Executive Committee for airport acquisition, revenue from airport operations and/or sale of surplus property or lease thereof will begin to accrue in the third year to the point where taxes levied to pay bond interest will drop to 0.53 cents per hundred dollars of assessed valuation.

Beginning with the fourth year there will be no need for further taxes to support the airport. Instead there should be a gradual surplus built up which will permit the City to use surplus funds to build a much needed new administration building and other facilities including a control tower.

This latter will make all flying safer because it will control pilots wishing to land and take-off, and will give other pertinent information including wind and weather to those requesting it. The tower will be equipped and manned by the Federal Aviation Authority, so I am advised, and without expense to taxpayers in Palm Springs. 54 per cent of the cost of construction of the tower by Palm Springs will be refunded by the Federal Government.

At the end of a decade Palm Springs airport will show an estimated excess of revenue over expenses of some \$550,000. None of this money may be used for any purpose except the maintenance and/or capital expenditures on the airport itself. The amount in question is over and above the amounts required yearly to pay interest on and amortize the bond issue.

For the remaining twenty years of the bonds life, airport revenue should be more than enough to pay interest and retire them without taxing our citizens. The largest portion of airport revenue will come from long term leases and/or sale of lands which will be surplus to actual airport needs. It is expected that these surplus lands can be purchased from airport bond funds plus the refunds from the Federal funds authorized. These funds, while not yet authorized, have been promised and given high priority based on public approval of the bond issue.

Some citizens, of course, say they do not use the airlines and are not interested in having an airport. To those who feel this way, may I say this: Revenue from sales taxes play a vital part in the revenues which the City of Palm Springs must have to meet its obligations and pay for the services its citizens have a right to expect.

Many thousands of dollars of such sales taxes come from those who use your airport: tourists who arrive on airlines, executive airplanes, and private planes. A drop in sales tax revenue of only \$7,500 means a tax increase of one cent. The loss of the sales tax from those who patronize and use the airport would amount to many, many times \$7,500 if the airport is allowed to die. Instead of paying an average of 16.8 cents per

year for three years to continue this airport and its high return in sales tax dollars, taxpayers may be required to pay perhaps as much each year for a long period of INCREASED taxes to recoup the loss suffered if the airport were permanently closed.

The world-wide prestige and publicity accruing to the City of Palm Springs would suffer also, because a city of this size without an airport is in almost the same category as one who would cling to horse-drawn transportation in this modern day and age. Voting "yes" to the airport acquisition is the world's best INSURANCE for continuing prosperity and prestige in Palm Springs.

Presently Palm Springs has a lease which expires Dec. 31, 1961, under which a private operator leases our airport and in 1960 paid the City of Palm Springs some \$7,200-plus as rental. The City, however, maintained the airport at a cost of some \$3,200-plus, leaving a net return to the City of some \$4,000. The City of Palm Springs will take over management of its own airport on Jan. 1, 1962, and based on a \$150,000 gross business reported by its present lessee in 1960, the City should realize a profit overall of at least \$25,000 per year.

As traffic in all phases of flying increases, and as better facilities are provided, that figure should increase substantially each year. Palm Springs needs a new airport administration building in keeping with what our visitors think Palm Springs SHOULD have. It should be the same type of modern building such as now houses your City Government and the Police Department.

It should have a second floor dining room and coffee shop overlooking the airport where diners could see without obstruction the many and interesting sights of planes landing and taking off. Modern, larger ticketing counters for existing airlines with room for expansion for new ones as they come into Palm Springs. Lockers for quick storage of bags and personal belongings, such as there are in other airport terminals, would be an excellent source of revenue. The new terminal building should be landscaped, kept spotlessly clean and have a well trimmed lawn in front.

There are many other ideas which could be developed to bring in additional revenue as time goes on. When the bonds are voted, all these things are possible without any expense to taxpayers after the first three years. There should be sufficient revenue from airport income to provide them without the levy of additional taxes. In simple language, your airport will be more than self-supporting after the first three years. The insurance you take out when you vote "yes" on the airport acquisition will pay big dividends after the third year.

In conclusion, I have been informed that the average home assessed in Palm Springs is on the basis of \$20,000 cost and is assessed at \$5,000. The owner would pay a tax increase on airport bonds the first year, when the assessment would be 23.3 cents per hundred, the sum of \$11.65. The following year, the second, he would pay slightly less, \$10.85, when the tax rate would be 21.7 cents.

The third and last year, when he would be paying his taxes on the bond issue, would be \$2.65 at the rate of 0.53 cents. Without trying to arrive at the exact dollar and cents then, his total tax or his INSURANCE premium against any further tax for the airport in the future, would have been the payment of roughly some \$25.15 over a three-year period.

After that his airport COSTS HIM NOTHING. IT MAINTAINS ITSELF and the sales tax money accruing to the City from purchases of those who use the airport, including tourists, assures that the City of Palm Springs will not have to raise additional taxes to pay its bills WHICH THEY MOST CERTAINLY WOULD HAVE TO DO IF SUCH REVENUE WERE CUT OFF DUE TO THE DISCONTINUANCE OF THE AIRPORT. VOTE YES FOR AIRPORT ACQUISITION.

## This Side of The Sun

By Phat

It's spring time at the Polo Grounds. You ought to see them hustle As through the training grid they go To unkink ev'ry muscle.

That is what might be called a verse of convenience. Spring baseball training has to do with muscles and while sitting here gazing idly at the pretty girl on the calendar on the wall, the word "hustle" popped into mind as a rhyme. So there it is.

THE ANGELS are in town and in action at the Polo Grounds. They like it and so do we. There's a lot of praise due to the Desert Angels Committee and the great job they did to bring Major League baseball to Palm Springs.

Like the Palm Springs Golf Classic, the Angel camp in Palm Springs is going to spread the name of the desert to far-away corners.

NOT ONLY the vast flow of words via wire and radio but the talk of the players involved will let the nation know about Palm Springs.

It has already started. Even before the training program officially went into action Sunday, the name "Palm Springs" was in many a newspaper throughout the land.

Fred Haney, general manager, who knows the desert well, was even more profuse in his praise after getting things in order last week.

THEN, THE PLAYERS themselves. Big Ted Kluszewski came into town two days ahead of time, out of the cold weather.

You should have heard him talk about our climate.

Big Klu was in Florida last spring and the damp weather didn't do a thing for his ailing back.

He expects big things in our climate.

HARRY VOEKLER, managing director of the DAC office, is a candidate for ulcers. He's figuring how they'll take care of all of the crowds for the first two Major League games, March 11 and 12.

"They'll be sell-outs," he said. Outside interest is high, he added, and he is getting many inquiries from all over Southern California for tickets.

That takes care of our immediate neighbors.

NATIONALLY, there'll be sports writers here from Chicago, Boston, Cleveland and San Francisco when teams from those cities play here.

And, knowing the sports writers' minds, I'll say that they're going to throw in a few words about the climate in Palm Springs.

Which will add to spreading the publicity of the desert.

IT'S A DOUBLE BARRELED deal. Not only will the Angels spread our name in headlines and datelines but they will provide plenty of entertainment for visitors and Villagers.

So, "take me out to the ball game."

STAN DELAPLANE:

## And All That Jazz

"The problem for the jazz musician," said Mr. Art Farmer, "is not making up jazz language. It is learning it from the fans. Half the time we can't understand what they are saying to us."

"What do they say, for instance?" "Well," said Mr. Farmer, "we call a time of playing a 'set.' Like you play 40 minutes and take 20 off. But the fans call a recording a set. They say: 'I heard your new album, man. A crazy set!'"

"KEEPING UP communication lines with a teen-age daughter keeps you lithe and limber, Daddy-O," I said. "It was my hope — this is not a formal interview, Mr. Farmer. 'It was my hope you could give me a few up-to-date bon mots with which I could impress my jelly tot.'"

"CRUMB - CRUSHER," corrected Mr. Farmer. "Children are now referred to as crumb-crushers. You mean you want to work out of your Psych bag."

"That is the general idea," I said humbly. "But I fear I am square as Hack the bear."

MR. FARMER and Mr. Benny Golson are very high in the jazz world — they are currently playing the Zebra Lounge in Los Angeles' Central Avenue, the Harlem of the West Coast.

"We pick up plenty from the fans," said Mr. Golson. "Now like if you want to say you are making a play, you are 'hitting on.' If the person 'comes on in,' that means they agree with you. 'Demonstrate for me, man.'"

"LIKE THIS," said Mr. Golson. "I hit on this chick but she wouldn't come in. She didn't have any eyes."

"What kind of chick would that be, cat?"

"You would call a chick you liked 'sweet cream.'"

"If she was a stout chick," said Mr. Farmer, "she would be

'heavy cream.' I don't say that kind can't be nice, too."

MR. FARMER and Mr. Golson then drew up a small list. I pass this along for other parents who may want to learn the language.

Pound cake: "That's an easy job. Or maybe you say, 'The gig was sweepstakes.'"

Gig: "That's a job. If you're working on a TV show, that's a 'living room gig.'"

IGNORANT OIL: "That would be whiskey. And if you look too much you would be 'tore up.' If anybody got like that you would 'turn left' on them. That's disagreement. He turned left on me."

"Now," said Mr. Farmer, "if you want to compliment a musician, you say, 'He's bad.' That means he's good."

"And if you want to say he's real good, you say: 'He's terrible.' And if you say, 'He's mean' — Man, you're saying he's uncanny."

POCKETS, I FIND, means the end of a job. "We'll play one more number and then pockets. Like you mean you're going to pocket your money."

"Security cats? Those are musicians who stay in New York and play in radio and TV studios."

"Commercials to us are request numbers. Our biggest commercial is 'Killer Joe.' Any instrument is your 'axe.' Like your typewriter is your axe. We got most of this stuff from the beard."

"AND YOU HAVE to learn this to converse with your fans?" I asked. "Just like I have to talk with my child?"

"Well, man," said Mr. Farmer. "We're professional musicians. We just try to TCB."

"What is that? Mr. Farmer?"

"Take care of business," he said. "You know. Be conscientious."

## Dear Abby...

...by Abigail VanBuren

DEAR ABBY: Re the item in your column about whether a man should stand and give a woman his seat on a bus: If a woman can dress in trousers, cut her hair short, sit in taverns and drink like a man, cuss, smoke, vote and take jobs formerly held by men, why should a man stand up and give her his seat on a bus?

ALSO A BUS RIDER

DEAR ABBY: I would like to tell Lady Bus Rider something. I am a hard-working man who has been riding the bus for over 20 years. I like to sit down on a bus and I am not ashamed of it. Especially when going home. Some of those female football players will elbow, knee and shove you to get a seat. Most of them have not been working — only spending their husbands' hard-earned money or sitting in a tea room all day. And they feel so good when they get off the bus they go roller skating for exercise. For my part they can stand up.

"GIBRALTAR"

DEAR ABBY: Did you ever hear about the time the fellow got up and gave the woman his seat on the bus? She was so surprised, she fainted. Later, she thanked him. Then HE fainted.

"SIT DOWN CHOLLY"

DEAR ABBY: When a reader asked you if men weren't still supposed to stand and offer their seats to ladies on a bus, I was shocked when you replied: "Naturally, an elderly or pregnant woman shouldn't be made to stand any more than a feeble or handicapped man. But healthy able-bodied women who compete with men for jobs shouldn't expect a busload of Sir Walter Raleighs."

I ride the bus to and from work every day, Abby, and the way some of our young people behave on public conveyances, Sir Walter Raleigh to them is just a cigarette.

V. M. I 1929

DEAR ABBY: I was with you all the way when you said that women who competed with men for jobs shouldn't expect a man to stand up and give her his seat on a bus — but when you qualified your statement and added — "unless, of course, she is pregnant" — then you lost me, Abby Old Girl. Big deal, motherhood! Even a cat can become a mother.

NO HERO

DEAR ABBY: I just thought you ought to know that you set women's rights back fifty years when you wrote that it wasn't necessary for a man to stand and give his seat to a lady on a bus. A gentleman (?) read that item out loud while HE was sitting on the bus and ladies were standing. He almost caused a riot. I hope you're satisfied! ONE OF THE WEAKER SEX

## SPIRITUAL MEANS OF HEALING CITED

Enrichment of humanity by the healing power of the Christ, Truth, is bringing peace, health, and abundance, James Watt of Washington, D. C., told an audience in Palm Desert Sunday.

"Because of the availability and divine simplicity of scientific Christian knowledge — the healing Christ — consciousness — there is no longer a mysterious and unfathomable abyss between us and God," Watt declared.

DURING THE COURSE of his lecture entitled "Christian Science: Its Limitless Promise," he related healings through purely spiritual means of paralysis, and tumor of the brain.

Speaking under the auspices of First Church of Christ, Scientist, Palm Desert, Watt addressed a large local audience in the church auditorium, located at Portola Avenue and Larrea Street, Palm Desert. A member of the Christian Science Board of Lectureship, he was introduced by Mrs. Pauline Welcome, Second Reader of the Society.

AT THE OUTSET the lecturer emphasized that physical disorders and afflictions of every kind can be proved powerless because they do not come from God, the sole source of all that really exists.

"Because God is eternal Life, Truth, Love," he declared, "He must manifest Himself in that which expresses His nature, and He therefore does not cause the sin, sickness, or death of anyone."

Watt held that the power of thought is of supreme concern to humanity. "Thought constitutes all the nobility and capacity — and all the limitation and hate — among men," he stated.

ALL GOOD AND evil thought externalizes itself according to its nature, he said, emphasizing that one's thinking determines one's health, welfare, and destiny.

"In other words," he said, "pure spiritual knowing manifests itself in life, harmony, and happiness. On the other hand, an erroneous sense of being manifests itself in the many difficulties which beset humanity with endless strife and despair."

Those who accept matter as real and all-powerful fail to find satisfactory solution to their problems, he continued. In their "ignorance of God as infinite Spirit, and of their own spiritual nature as Spirit's likeness, they keep on trying to solve their perplexing problems by material means and human reason rather than by reliance on prayer — that is, on God," he declared.

"SUCH A materialistic view of life," he said, "makes one the servant of matter with its myriad problems and, until replaced by the correct view, which is spiritual, robs one of his God-given dominion over all the earth."

But, he added, spiritual growth and progress is available to all, because spiritual sense is the innate and divine heritage of every one.

## African Expert To Be Speaker At Last Forum

Expert on that area of the world which is currently in the spotlight, is Sir Charles Arden-Clarke, former Governor and Commander-in-Chief of the Gold Coast territory of Africa for the British Colonial Office, who will be the final speaker of the season on the Community Forum Series at the Jewish Community Center, 332 West Alejo Road at 8 p.m., Thursday.

As the administrator who guided the new nation of Ghana to its independence and then remained with it for a year as Governor-General, he has opinions on the present situation in the emerging African countries that are based on long personal observation.

The question and answer period which is always a part of the Community Forum, should elicit some interesting opinions from this African authority.

## LAWRENCE BEAULAC SERVICES HELD TODAY

Funeral services were conducted this afternoon for Lawrence Frederick Beaulac, 45, 74183 Aster Drive, Palm Desert, from the Wiefels and Son chapel, with the Rev. Fredrick A. Barnhill, pastor of St. Paul's in the Desert Episcopal Church, officiating.

Cremation will follow at Montecito Crematorium.

### Odd Pairs

NEW YORK (UPI) — A soft drink company (Pepsi-Cola), checking through its employee roster, came up with these combinations: Day and Knight, Gilbert and Sullivan, Wolfe and Lyon, Priest and Rector, Rome and England.

Beaulac was killed in an automobile accident at Escondido at 7:45 p.m., Thursday.

A native of Los Angeles, he had been a resident of Palm Desert for two years, where he was a real estate salesman for Eldorado Palms.

Survivors include his widow, Phyllis; four children, Christopher, Paul, Andrew and Jacqueline; his father, Lawrence F. Beaulac, Sr., of Lomita; his mother, Mrs. Walter Roesing of Greenwich, Conn.; a sister, Mrs. Louise Hardison of Manhattan Beach, and one brother, Harold of Garden Grove.

### Low Labor Cost

MT. WASHINGTON, N.H. (UPI) — The eight miles of the Mt. Washington Carriage Road completed in 1861 cost about \$8,000 a mile. Most of the materials were carried up the mountain on the backs of men and horses.

The widely known carriage road celebrates its 100th anniversary this year.

## 'Roar Like a Dove' Next At Playhouse

Premiere for  
London Comedy  
On West Coast

Tuesday will mark the West Coast premiere of the London smash comedy, "Roar Like a Dove," bringing Pamela Britton and a stellar cast to the Playhouse at Deep Well.

The laughs are built upon a marriage blessed with girls — six of them, an insistent father holding out for a boy and a young, beautiful mother who goes on strike.

MISS BRITTON plays the American mother and Francis Blethen-court, handsome English star, her harem surrounded husband. Others well known to theatergoers here who will be in the cast include Phyllis Flax, Thom Conroy and Bob Minford.

Michael Farrell both plays and directs.

THE PLAY also will mark the professional debut of Cecilia Wilcox, daughter of producer Henry Wilcox and Joan Woodbury who is the theater manager.

Miss Britton appeared in last season's "Bells Are Ringing."

## Art Center Film Show at Museum Set Wednesday

Mrs. Lorene Adelman, chairman of the film committee of the Desert Art Center, announced today that the March 1 film show will be held at the Palm Springs Desert Museum.

Presented at the showing will be "The Titan — Story of Michaelangelo," narrated by Frederic March; "A Dancer's World" with Martha Graham and her Dance Company; and a Robert Benchley comedy series.

The show will start at 8 p.m.

## Dramatic Dance Show Due at UCR

As a part of his first Southern California tour in many seasons, Jose Limon and his dance troupe will present their unique program of dramatic dance at the University of California, Riverside, gym. The program is scheduled to begin at 8:15 p.m., Monday, Feb. 27.

Three major sections of Limon's program will be "There is a Time," based on an extended quotation from the Book of Ecclesiastes, "Night Spell," presents the quality of a nightmare and the third major section is "The Traitor."

## Playhouse Now To Be Pavilion

Palm Springs Playhouse, located at the Polo rounds, will now be officially known as the Palm Springs Pavilion.

MARIANNE WERFEL REISER works with seashells in preparation of another 'canvas' for her one-man show which opens Tuesday evening in the South and East Galleries of the Ferrall's Playhouse at Deep Well. Czechoslovakia born, Mrs. Reiser deals with three-dimensional art in a variety of forms. (P.S. Newsphoto).

## ART OF MARIANNE REISER DIFFERENT, UNPREDICTABLE

By Palm Springs News Service  
If you thought Salvador Dali was different in the field of art, wait until Tuesday.

That's the night that Marianne Werfel Reiser's one-man (or one-woman) exhibition opens in the East Gallery and South Gallery of the Ferrall's Playhouse at Deep Well.

MRS. REISER's art is not only different — it's downright unpredictable. She uses shells, wood, glass, plastic and a number of other commodities in "constructing" each of her efforts.

"I use everything," she explains in English that still resounds largely with the resonance of her native Prague. "I don't believe an artist should be limited either in subject or in the material used."

IN PRACTICE, this unusual philosophy has resulted in some highly controversial results. The three-dimensional effect gained through the use of objects in the efforts have occasioned some caustic remarks but more praise for her imagination and creativity.

Both of these definitions Mrs. Reiser will accept.

But she has no time for definition, no desire for explanation.

"I BELIEVE OUR time has invented more words about art and art forms than art itself," she laments. "I don't want to become lost in the wilderness of these words — or belong to one or the other they specify. I am neither an objectivist nor a nonobjectivist, realist, surrealist, abstract expressionist, primitivist, nor do I belong to any of the contemporary or 'contemporary' cults."

A striking woman who was warned away from the arts as a child by her father, Mrs. Reiser doesn't mind any of the reaction to her stated views any more than she minds reaction to her art.

"I DON'T THINK individual art can be explained," she says. "I try to visualize things into or out of things. That may sound confusing but it is the way I work."

Ontario's sparkling new public library utilized the Reiser art exhibition ("I stripped my walls to fill the library and home wasn't much fun for me until I got the pictures back.") and Marianne chuckled, a deep and pleasure-filled laugh, when she recalled some of the incidents that occurred there.

She paused, chuckled again. "All of the works were marked 'Do Not Touch' but a Cub Scout walked up to one picture and touched it gingerly. He looked around to see if anyone was watching him and when he saw that I had noticed him, he shook his head and shrugged and told me why."

"It jumped at me," was the way he put it."

## Leonard Borman Oil Paintings To Be Exhibited

TWENTYNINE PALMS — The Twentynine Palms Artists Guild will present Leonard Borman in an exhibit of oil paintings, March 2 - 20 at the Art Gallery on Cottonwood Drive.

The artist is represented in many private collections, and is noted for his landscapes and etchings, and portraits.

He studied portrait under George Bellows, at the Chicago Art Institute, and etching with Joseph Pennell.

Mr. and Mrs. Borman operated their own art gallery in Pasadena for many years. They are now located near Joshua Tree, where he has his home and studio.

TELEVISION IN REVIEW

More Truth About Television And How It Got to Be That Way

By FRED DANZIG  
United Press International  
NEW YORK (U.P.) — Today we bring to light more truth about TV and how it got that way.

The first exhibit is an article titled, "What TV Censors Won't Let You See," written by Mike Wallace for the March issue of True Magazine.

Mostly a collection of familiar censored TV scripts, the article does reveal a new and fascinating industry technique, Wallace writes that a few years ago he spent many weeks trying to obtain an interview with Nathan Leopold, the "thrill killer" who was then about to be paroled from prison.

SUDDENLY, WALLACE'S producer, Al Ramrus, learned that a rival network program had jumped into the act and was trying to get the interview first. To head off this competition, Ramrus delivered a blow at TV's Achilles Heel — the mail box.

Says Wallace, "Ramrus phoned a handful of friends around the country and had them send indignant telegrams to the president of the rival network, complaining that it was about to harbor a program which specialized in decadence and depravity."

"WITHIN A WEEK," Wallace notes, "the network president answered each telegram with a letter saying that he appreciated the frank criticism and that 'after reconsideration,' the program's invitation to Nathan Leopold had been withdrawn."

While there's nothing especially new in the fact that network executives are nail-bitingly sensitive to the letter-writing public, it's worth talking about from time to time because it helps us understand why the season's new batch of situation comedies, Western, adventure and mystery shows are at an all-time low.

THE ONLY SEGMENT of net-

work TV that has given the 1961 season some excuse for existence is the public affairs and news programming. And John F. Kennedy comes out as TV's newest star, which again demonstrates what a cellophane-laced straight jacket the "entertainment" schedule is in.

The second exhibit in this truth-telling summary is a speech delivered last week by Worthington Miner, producer of "The Play of the Week" series, which is syndicated to some 60 stations. In attacking censorship on network TV, Miner says, "The advertiser and his agent must, in self-protection, drive dramatic programming deeper and deeper into the swamps of mediocrity."

# Bilko Paces L. A. Angels Sluggers in Drill

LOS ANGELES ANGELS officially started spring training in Palm Springs this weekend, with vice mayor Kenneth Kirk presenting Gene Autry with a key to the city. Above, first photo,

Autry, co-owner of the Angels, looks over a roster of players with, left to right, Harry Voelker, Kirk, Mayor Frank Bogert, and Councilman Ted McKinney. Second photo, Jerry Casale,

Angel pitcher, hurls one over the home plate for a waiting batter. The batters, lined up in a gag shot for photographers, in photo at right, are, left to right, left-handed Ted Kluszewski,

ski, and right handers Eddie Yost, Bob Cerv and Steve Bilko. (P. S. Newsphoto)

## Ceremonies Welcome Angels to Training

... And the Angels sang!  
A happy gang of ballplayers—the Los Angeles Angels—had a unanimous opinion of their training camp in Palm Springs as they cavorted around the Polo Grounds yesterday. The word

## Bermuda Dunes Auxiliary Has 30-Day Tourney

Ray Ryan and Ernie Dunlevie, founders and operators of Bermuda Dunes Country Club, believe in going all-out for their distaff golfers.

To mark the first anniversary of Bermuda Dunes Women's Golf Auxiliary, March 1, Ryan and Dunlevie are turning over the picturesque 18-hole championship links to the gals for a month-long President's Cup tournament.

Triggering the links festivities will be an anniversary luncheon Wednesday in Bermuda Dunes' spectacularly scenic "Top o' the Dunes" clubhouse.

Sixteen low qualifiers will be picked that day and will compete in a series of eight matches in the President's Flight division. By a process of weekly eliminations, two players will be left to compete in the finals on March 28.

The match play tournament will be played with full difference of handicap allowed. Consolation prizes will be offered non-qualifiers in a Vice President's Flight tourney.

## West's Efforts Aid Boston Five

By United Press International  
Credit Jerry West of Los Angeles with an assist that lowered Boston's magic number to 2 in the Celtics' drive for their fifth straight Eastern Division title in the National Basketball Association.

West, an All-American at West Virginia last season, hit a personal high of 38 points in the NBA that helped Los Angeles to a 121-116 victory over Philadelphia Sunday.

was "great."  
To prove how much they like the spacious Polo Grounds, team key men like Steve Bilko, Ted Kluszewski and Albie Pearson were at the best.

**BILKO HAMMERED** Jerry Casale's first pitch over the wall, then facing Ted Blowsfield, big Steve powdered the next three pitches down his favorite alley, right center, all clearing the 400 foot marker.

Manager Bill Rigney looked and talked like anything but a guy who was fired for only keeping the San Francisco Giants in second place last season.

**HE WAS MAKING** no claims, but it was clear that he thinks he's got quite a ball club on his hands.

"We're going to surprise a lot of people," said Rigney. "This bunch has got some long ball hitters, a lot of speed, and they are in condition. Seldom have I seen a group report in such fine shape to start training."

**TRAINER FREDDIE** Frederico seconded Rigney's feelings by noting that "outside of the usual aches, pains and bruises, I don't have much more than routine to worry about. These guys are out to win ball games, and they are taking care of themselves."

Presxy Bobby Reynolds and big boss Gene Autry were all smiles. Talking to them, you got the feeling that they are going to make a lot of news in the American League this year.

**EARLIER IN THE DAY**, the Angels were officially welcomed to Palm Springs by vice mayor Kenneth Kirk, who also heads the citizens' committee which brought the Los Angeles team here for training.

Approximately 600 fans attended the welcoming ceremonies and stayed to watch the "Press Day" activities.

## SEASON STARTS, DUROCHER OUSTED

By United Press International  
Baseball's spring training season is official — Leo Durocher lost his first argument with an umpire.

It was only the Los Angeles Dodgers' first intra-squad game Sunday but there was Leo, back in harness after five years, managing one of the squads from the third base coaching box — and up to an old trick.

**IN FAMILIAR** fashion Leo began to dub out the white lines marking the coaching box and then wander along the third base line at will. Over the years the ex-Brooklyn and New York Giant pilot has pulled the same trick defying countless umpires in an effort to steal a sign or gain some other advantage.

Plate Umpire Jim Duncan is slated to do his umpiring in the Class D Midwest League this year but the fellows who'll be playing in it might just as well understand here and now that they're not going to get away with anything. The rules state that the coach must remain within the limits of his prescribed area and the umpire is supposed to enforce the rules.

**DUNCAN WARNED** Durocher. No dice. He warned him again. Still no dice. And so, with further aid, the Class D umpire swept up his right arm with thumb skyward and bounced a guy who's defied umpires, commissioners and players for 30 years out of the game!

Action began to step up in other camps along the citrus and cactus routes as the time drew near for the full squads to go into action. At St. Petersburg, Fla., Manager Ralph Houk outlined a new role for slugger Mickey Man-

gle — that of leader of the Yankees — and said he believed Mantle could develop into a "quiet leader" on the style of Joe DiMaggio.

**DALE LONG**, counted on by the new Washington Senators to supply much-needed power, checked in at Pompano Beach, Fla., three days ahead of schedule.

Other camp notes: The Boston Red Sox still have "scouts out" for pitcher Mike Fornieles, missing between Miami, Fla., and their Scottsdale, Ariz., camp. . . Vice President John Holland expressed satisfaction with the Chicago Cubs after two weeks of preliminary training.

Second baseman Billy Gardner, unsigned but close to agreement, was given permission to workout with the Minnesota Twins. . . Mel Roach, 25, was tossed into the battle for the Milwaukee Braves' wide-open left field job. . . The World Champion Pittsburgh Pirates reported "all signing" when first-baseman Dick Stuart agreed by terms.

## Blind Partner Winners Named

**INDIAN WELLS —** Winner of the Women's Auxiliary Blind Partner Event played here were partners Mrs. Beth Fisher and Mrs. Loretta Wofford.

Tying for second were the teams of Mrs. Francis Marsh and Mrs. Mildred Ball; and Mrs. Biba Shinn and Mrs. Putt Corbett.

Qualifying rounds for the Indian Wells Women's championship will be played March 2, 3 and 4. Match play will start Monday, March 6, with the finals being wet for March 9.

## Robinson, Fullmer Near Title Bout

Both Fighters Stage Sparring Shows for Public

LAS VEGAS — UPI — Sugar Ray Robinson tuned up for his March 4 championship bout with middleweight title holder Gene Fullmer today against a backdrop of a predicted sellout house at Convention Center.

Robinson was scheduled to spar four rounds, his first opening drill in Las Vegas while Fullmer was to close out his public training sessions with a four round workout.

Fullmer staged one of his most ragged workouts during the week-end and at one point bounced head first out of the ring with a sparring partner.

The Utah terror, out of focus because of a football helmet he wore during the drill, and Nathan Ish, Phoenix, were in the second round of their sparring session when they clinched and wrestled their way out of the ring.

## Indians Score Cage Victory

**TWENTYNINE PALMS —** Jim Workman's Palm Springs Indians whooped to a strong 63-41 victory over Twentynine Palms here Friday evening, breaking a strong cage loss.

The tribe was led in its 22 point victory margin by Tyrone Taylor, who sank 23 of the 63 points. Carlos Reyes was second in score honors with 20 points.

## Ski Report

**NEW YORK (UPI) —** A skier weighing 150 pounds, traveling at 30 miles per hour, develops a momentum of 6,800 foot-pounds per second.

If he stops within two feet, the stopping force is 2,250 pounds.

## New Record Set in Baton Rouge Event

BATON ROUGE (UPI)—Pressure player Arnold Palmer, the guy who uses golf clubs with the finesse of a virtuoso, was atop the golfing world today after running away from the field to register a record 72-hole total of 266 in the \$20,000 Baton Rouge Open.

Palmer, the defending champion, was tied for the lead at 65 in the first round but the rest of the field faltered as he shot sub-par rounds of 65-67-68-66.

**ONLY ONE OTHER** golfer in the tourney, second place finisher Wes Ellis Jr., played all four rounds below par. Ellis, seven strokes back, had rounds of 68-68-69-273. Par on the 6,700-yard Sherwood Forest course was 70.

Palmer's score, 14-under par, eclipsed a 13-under par record set in 1953 by Sam Snead. Snead's mark was 275—but it was played on a par 72 course.

**GOING INTO** Sunday's final 36 holes, Palmer was just one stroke ahead of veteran Jack Burke. But Burke soared to 74 on the final 18 holes and ended up in sixth place.

Palmer collected three checks totaling \$4,050 for his win.

Behind Ellis were Johnny Pot, Buster Cupit and Gary Player—all bunched at 274. Burke was all alone at 276 and then came Bob Nichols at 277.

## Godcheaux Wins Thunderbird Men's Tourney

**RANCHO MIRAGE —** Championship honors for 1961 at Thunderbird Country Club this year went to Frank Godcheaux when he defeated Glen Doughty 4 and 3 on the 34th hole.

Godcheaux played off the first 18 holes of his 36 hole final match with Doughty on Saturday, and continued to play sparkling golf for the next 16 holes to wrap up the trophy for his case.

In the first flight, John Curci bowed to Cy Carter 4 and 3.

The men's championship event drew a record entry list.

## 13 Get \$6,052

## Each at Caliente

**AGUA CALIENTE, Mexico** — Thirteen ticket holders were each \$6,052 richer today after picking five of a possible six winners Sunday in the Caliente race track 5-10 handicapping contest.

## Thompson Held For Robbery

**NEW YORK —** UPI — Henry "Hank" Thompson, hard-hitting third-baseman for the 1951 "miracle" New York Giants, was held in \$10,000 bail today after his arrest and arraignment on robbery and gun charges.
